

# The First Global Intellectual Capital Summit

22<sup>nd</sup> to 23<sup>rd</sup> August, 2009,  
Capital Hotel, Beijing, China

*Dialogue between intellectual capital experts around the world with governmental leaders, mayors and entrepreneurs*

According to the recommendation of the “Knowledge Capital League of Nations”, the First Global Intellectual Capital Summit (GICS) will be held in Beijing this summer. The purposes of the GICS are: Integrating the results of intellectual capital (IC) research around the world; exploring the energy of IC in resolving the global financial crisis; activating the national, regional and enterprises’ IC stock; discovering the untapped IC embedded in nations, regions and enterprises; and sharing research and application results of the world’s top experts in the field of intellectual capital.

Come to the GICS you can learn from top class experts from around the world the most up-to-date trends and practices of the exciting development of intellectual capital which is changing mindset, standards and organizations in the innovation era.
